

Renault has more than 126 000 employees worldwide with its headquarters in Paris. One of the company's most important driving forces is the development on an international level, where the establishment of a Nordic head office in 2007 was a central element. Renault Denmark is the Danish Sales organization where the future launch of Electrical Vehicles has an important strategic role. Therefore we are looking for our new

PROJECT MANAGER FOR ELECTRICAL VEHICLES TO RENAULT DENMARK!

The main mission for the ZE Project Manager (ZERO EMISSION/Electrical Vehicles) is to manage and drive the project in Denmark from the initial phase and to run the ZE centre when opened. Also coordination tasks between Renault Denmark, Renault Nordic HQ, network market, local BP organization and HQ in exceptional cases. Tasks are also prospecting and later sales tasks mainly towards public and private fleets.

Responsibilities:

- To drive the ZE project within the defined strategy
- Setting up and running the first showroom
- To extend the concept to the network
- Presales and sales of the ZE range
- To organize regular committees with all internal departments involved – and conduct basic project management.
- Main contact person towards local authorities
- High level of contact with internal Renault Nordic and external Dealer representatives

Skills:

- Communication skills (verbal and written)
- Negotiation and influencing skills
- Ability to manage priorities and own workloads within the pressures of a target driven culture
- Planning and organization with attention on details
- Relationship building
- Systems and analysis skills

Experience:

5 years commercial experience, preferably in a B to B environment
Auto industry experience
